Kuala Lumpur, Malaysia

DATES	DURATION	LANGUAGE	COURSE FEE
7-11 December 2026 Monday-Friday	**5 days**	**English**	**USD 1,950**

Course Overview

A five-day professional course covering project leadership, predictive planning, Agile and hybrid delivery, performance and risk management, and business alignment. Participants apply concepts through practical exercises, case discussions and PMP-style scenario practice.

Learning Outcomes

- Tailor predictive, Agile or hybrid practices to project needs.
- Lead teams and engage stakeholders through clear communication.
- Build integrated plans for scope, schedule, cost, quality and resources.
- Manage risk, issues, change, dependencies and delivery performance.
- Connect project decisions, outcomes and benefits to business priorities.

Five-Day Course Outline

DAY	FOCUS AND KEY TOPICS
DAY 1 | MON, 7 DEC	Project leadership, objectives and governance; team collaboration; stakeholder identification and engagement; communication and conflict resolution.
DAY 2 | TUE, 8 DEC	Delivery approach selection and tailoring; integrated planning; scope, schedule, cost, quality and resources; estimation, dependencies and procurement.
DAY 3 | WED, 9 DEC	Agile principles; Scrum roles, events and artifacts; Kanban and workflow; backlogs, user stories and prioritisation; iterative planning and hybrid delivery.
DAY 4 | THU, 10 DEC	Value and benefits tracking; performance measures; risks, issues, change, quality and dependencies; continuous improvement and lessons learned.
DAY 5 | FRI, 11 DEC	Business alignment, compliance and organisational change; benefits realisation; case studies and scenario-based PMP-style practice.

Training Methodology: Facilitated presentations, practical exercises, group discussions, case studies and scenario-based practice.

Venue: Kuala Lumpur, Malaysia | Delivery: In-person classroom training
